

OUR SERVICE SHINES!

INTEGRITY, EXPERIENCE DEPENDABILITY AND SERVICE

Diamond Fleet Services, LLC is a Maryland company based near BWI airport, providing maintenance and repair service for commercial fleet cars and trucks. Our service area includes Baltimore, Washington DC, Anne Arundel, Prince George's, Harford, Howard and Montgomery Counties.

PREVENTIVE MAINTENANCE PROGRAMS

Whether your fleet is large or small, Diamond Fleet Services can put together an individualized PM program to help keep your vehicles up and running. Our sales and mechanical staff will always take the time to understand your specific needs and discuss any questions or concerns you may have. *We make it easy—our mobile service trucks let us work at your location. We also have vehicle pick up and return service or, if you prefer, drop it at our shop.* Diamond also takes care of the record keeping and service reminders.

BETTER ASSET UTILIZATION

What is it? Simply put, it's using your vehicles to generate income. If your vehicles aren't running, they are not making your company money. At Diamond, we can help you reach high asset utilization by properly maintaining your fleet. It's an old saying but very true today, "An ounce of prevention is worth a pound of cure."

- ◆ Reduce your paperwork with our maintenance tracking system and email service reminders.
- ◆ Identify and reduce problems before they become costly repairs.
- ◆ Save money with increased fuel efficiency.
- ◆ Reduce capital expenses by extending the service life of your vehicles.
- ◆ Spend more time growing your business and less time managing fleet maintenance.
- ◆ Benefit from expert maintenance consultation.

We take the time to understand your fleet maintenance needs and custom tailor an individualized service plan.

LIGHT DUTY MECHANICAL ROAD SERVICE

Throw a belt? Need a battery installed? We'll do our best to get you running as soon as possible.

MAJOR REPAIR SERVICE

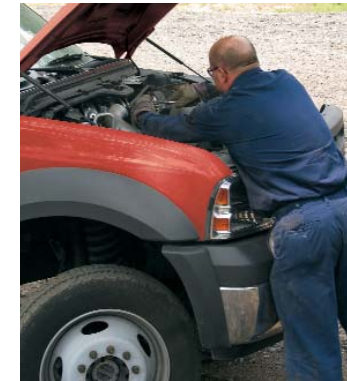

Something's broken? When a repair is needed, our full service shop will work hard to get your vehicle back on the job as quickly as possible.

ACCURACY & EXPERIENCE

Diamond Fleet Services was built from the ground up with knowledgeable, experienced staff! From tires to PM, to engine and transmission replacement, Diamond Fleet Services will give you the right solution. We ensure

Our service trucks are fully equipped for on-site preventive maintenance duties and emergency repair services.

On-site service for preventive maintenance and minor repairs.

Accurate diagnosis and repair solutions.

accuracy in diagnosing your vehicle properly. We also ensure that your billing is correct.

SHUTTLE SERVICE

Don't have spare employees to drop off a vehicle? No problem, Diamond offers driver shuttle and vehicle pick-up and delivery service. Just another way to keep you rolling.

OUR SERVICE SHINES!

Integrity. Experience. Service. These were the classic principles of business in the 1950's and 1960's. These are the principles that Diamond Fleet Services is built on today. From the way we answer our phones, to the way your vehicle is treated, to our follow up call ensuring you are completely satisfied—we only employ people that truly care. Call Diamond Fleet Services! We'll get the job done. Reliably. After all, "Our Service Shines!"
